

POLYMER

ELITE IN STYLING. BEST IN SAFETY.

A wide range of rear view mirrors.

CHROME-PLATED MIRROR

A REFLECTION OF STYLE AND SUBSTANCE

Premium Aesthetics

Chrome-Plated, Circular Mirror

Optimum Field of Vision

CUSTOM HANDLEBAR MIRROR

After the body, the most aesthetic part of a motorbike is the mirror. The design of the mirror and the way it is mounted on the vehicle can greatly enhance the appearance of the bike. Varroc has developed a custom handlebar mirror with a Nylon GF mirror housing and CED coating stay rod. The mirror, metallised with a chrome plate, is the epitome of style and utility.

FEATURES

Nylon GF housing and CED-coated stay rod

Adaptor + nut-type mounting mechanism

Handlebar-mounted mirror assembly

Lipless housing with support plate for minimal vibration.

Certified by government bodies of Europe, India, US, China & Taiwan

TECHNICAL SPECIFICATIONS

2-Wheeler mirror assembly

Handlebar mirror assembly

EV MIRROR

RIGHT BALANCE OF DESIGN AND DURABILITY

Triangular Rearview Mirror
on Slim Metal Stalks

Aesthetic Design

Smooth Articulation of Mirror

HANDLEBAR MIRROR FOR EV

This handlebar mirror was developed for the EV 2-wheeler an aluminium-die-casted housing and a powder-coated stay rod. With a lipless design and a support plate mechanism for pasting mirror, this mirror has an optimum field of vision.
