# THE MULTI-FUNCTION VARROC REAR COMBINATION LAMP

A state-of-the-art design, Varroc Rear Combination Lamp consists of all the rear lamp functions such as tail, stop, blinker, rear fog, reverse and rear reflex. It also comes with a version that includes side amber reflex lamp. While the Tail and Stop functions are based on Milky lens that provide a uniform glow across, a combination of green filter and red lens is used to accentuate the Blinker function.
